As a parent, you want your kids to learn all of the things they need to know to succeed in life. You make sure they do their homework, get some exercise, and spend quality time with friends and family. But one of the most important life lessons you can teach them is how to save money. Here are three tips to help your kids down the path to future financial security:

- Lead by example. Explain how you save money for future needs: vacations, emergencies, retirement.
- Reward savings with a match. When your kids get money as a gift, deposit a portion of it in their credit union savings account, you then could add a bonus amount to their deposit as an incentive to save more in the future.
- Save as a family goal. All family members can contribute to a family vacation or other needed purchase.

You Shop. You earn. You choose. It's that Simple. Omaha FCU members are invited to take advantage of UChoose Rewards, a program that lets purchases made with an Omaha FCU debit card earn points towards thousands of exciting products and gift cards on non pin-based transactions. You need to register your debit card with UChoose [www.uchooserewards.com](http://www.uchooserewards.com) to begin earning points. Please remember to select a user ID and password that are easy to remember but hard to guess.

## Credit Union Membership For the Whole Family

Here's a gift that can last a lifetime: membership in the credit union. Because you belong to the credit union, your family members also are eligible to join. They, too, can enjoy all of the benefits of belonging: lower rates on loans, competitive rates on savings, convenient access to their accounts, and best of all, being treated like a person, not a number.

In satisfaction survey after survey, consumers consistently rate credit unions higher than other financial institutions. With a gift of credit union membership, one size really does fit all and no worries about the long line at the return and exchange counter. Membership in the credit union makes an ideal baby shower or christening gift as well. What better way to show your love and affection than starting a little one out on the road to financial security?

For more information about how your family can join the credit union family, stop by the credit union or give us a call.

### MOVING?

Please keep your contact and mailing address information up-to-date with the credit union. This way, you can be certain of receiving important information about your accounts, some of which we may not be able to forward to your current address. By having correct change-of-address information on file, we can be alert to potential fraudulent activity. So whether it's a change in your permanent residence or a temporary move to a seasonal home, keep us posted.
