Back To School Expenses? Here's the A-B-C's On Saving Money

Help with those back to school expenses is as easy as A-B-C, but smart shoppers will start with "B" for "budget." Figure out what your young scholars will need to return to the classroom and estimate the cost. Once you have an estimate, get a back to school loan from Omaha FCU for the amount you will need, so you can shop with "C" for "cash." This year skip those department store charge cards that can have interest rates as high as 28 percent or even higher. Get the school year off to a good start with a back to school loan from Omaha FCU.
